

CATHOLIC

CHARITIES

Dear Friend,

The summer months are upon us and we will soon celebrate our Nation's Independence Day. The first Americans and our Founding Fathers left us an incredible legacy of philanthropy, as Americans relied on each other in the face of tremendous hardship.

Today, nearly 247 years later, Americans continue to rely on one another when their neighbors fall on hard times. No matter what might be taking place in our great nation, there are no politics of hope.

Through your support, Catholic Charities continues to be a beacon of hope to our neighbors who are struggling to make ends meet and those who are facing immense challenges in their lives.

Your continued generosity supports 16 programs and services across three Catholic Charities brick-and-mortar sites and within 36 rural communities within our 8-County Diocese. More than 275,000 men, women, and children had their most basic needs met with help from Catholic Charities in 2022.

From food pantry services to homelessness prevention, disaster preparedness, to response and recovery services, immigration legal services and resettlement support for asylees and immigrants to healthcare services and youth and family supportive services - it's all made possible because of you.

This Fourth of July, as we celebrate our country's freedom and independence, we salute those who gave their lives for this great United States of America. We thank all of you who stand united with our neighbors in need, providing support to those most vulnerable and holding one another up in times when it's needed most.

"Greater love has no man than this, that a man lay down his life for his friends." John 15:13

May God bless you, your family and our country.
